Subject: Letter Noting Completion Date of Supplemental Environmental Project (SEP), Consent Agreement and Final Order (CAFO), Docket No. SDWA 01-2012-0021

Dear Lynne,

Paragraph 53 of the CAFO cited above provides that "Respondent shall provide EPA with a letter indicating the actual date when the SEP is considered complete." Please accept this letter as meeting that requirement. The Massachusetts Army National Guard (MAARNG) considers the SEP to have been completed on 12 September 2013.

Attachment 1, Section C of the CAFO states that "Respondent shall remove 14 acres of existing impervious surfaces" As of 28 June 2013, 14.2 acres of impervious surface was removed from Camp Edwards with all material transported to the Unit Training Equipment Site area of Camp Edwards. A portion of the asphalt has been transported off-base to be processed for reuse or recycling. This process was completed on 12 September 2013.

Per paragraph 50 of the CAFO, "The total expenditure for the SEP shall not be less than \$103,125." and from Attachment 1, Section D "Respondent shall spend at least \$103,125 to complete performance of the SEP". The MAARNG has met and exceeded the required cost of the SEP. Details of expenditures will be outlined in the SEP Completion Report.

Per paragraph 53 of the CAFO, as modified, the MAARNG will submit a SEP Completion Report to the USEPA within 30 days by 12 October 2013.

Please let us know if you have any questions.

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, the information is, to the best of my knowledge and belief, true, accurate and complete. I am aware that there are significant penalties for submitting false information including the possibility of fines and imprisonment.
